

Charles Needle
“Impressionistic Photography”
August 7, 2010 – 7 pm to August 12, 2010 – 12 noon
Pacific Northwest Arts School

SUPPLY LIST:

Note: The list below is meant to be merely a suggested list of camera equipment to bring. It is not necessary to have every item on the list in order to participate in this workshop. Charles will have some photography accessories for sale at the workshop.

- Camera (and manual)
 - Flash (and manual)
 - Synch chord for flash
 - Tripod with quick-release head (preferably a tripod that you can lower to 6-12” off the ground)
 - Cable release
 - Macro lens/lenses with 1:1 reproduction (ideal, but not necessary)
 - Telephoto lens/lenses
 - Wide-angle lens/lenses
 - Close-up filter(s) – some will be offered for sale at the workshop
 - Extension tube(s)
 - Teleconverter(s)
 - Focusing rail (optional)
 - Right-Angle Viewfinder (optional)
 - Circular polarizing filter
 - Diffuser disc (will be offered for sale at workshop)
 - Gold/silver reflector disc (will be offered for sale at workshop)
 - Small spray bottle (for water droplets)
 - Penlight or pocket-sized flashlight
 - Extra batteries (for camera, if applicable, as well as flash)
 - Camera battery charger
 - Compact flash card(s) – 1 GB or 2 GB ideally
 - Compact flash card reader (to transfer images from camera to laptop computer)
 - Jump drive or thumb drive (512 MB is fine)
 - Portable storage device (e.g. Flash Trax, Epson P2000/4000, FireLite external hard drive, etc.)
 - Extension cord(s) and power strip
 - Laptop computer with image editing software installed (ideally, the latest version of Adobe Photoshop, Lightroom, or Photoshop Elements)
-
- | | |
